

I'm in new places with the people I like most.  
Say hello to new destinations and goodbye  
to old rules. Take along what you need and leave  
everything else behind. It's holiday time.  
And it couldn't be better.

# What drives me: chassis and design for all Carado models.

4

Model	Fiat Ducato
Basic engine	2.3l Multijet
Engine power kw (hp)	96 (130)
Technically permissible maximum laden weight (kg)	3.500
Possible load capacity (optional, kg)	3.850
Trailer load 12 % braked / unbraked (kg)	2.000 / 750
Tyres	215 / 70 R 15 C
Water supply incl. boiler / wastewater tank (l)	122 (20) / 92
Battery / charger (Ah/A)	95 / 18

## The chassis

The Fiat Ducato is a safe and reliable chassis: 2.3l multi-jet with 96 kW/130 hp, multi-jet direct fuel injection, EURO 6 exhaust emissions standard, ABS, EBD, wide-track chassis for excellent driving stability and an on-board computer are just some of the technical specifications which make the Ducato my perfect motorhome.

## The design

Carado adds its own style to the chassis to create different motorhome models that all offer an exceptionally high-quality finish. The roof and outer skin are made of GRP (glass fibre reinforced plastic) with a 5-year

**water ingress warranty\*** and the side panels are made of aluminium sheet metal. Other high-quality features include electric steps in the A and T models, a spacious rear garage, exclusive doors and double-glazed

**windows. Everything you would expect from a Made in Germany product. See the price list for more technical details.**

\* The water ingress warranty conditions of Carado GmbH apply.

Outdoors.  
Open space.  
Freedom.

I'll find my favourite place –  
with my favourite view.

Carado 2019

# Indoors, outdoors, my decision.

Carado 2019

No airport, no rows of hotels, no stress. I go on holiday to free my mind – and enjoy things most without a suitcase.

A photograph of a man and a young girl sitting together in a car, looking out the window. The man is on the right, and the girl is on the left, leaning her head against his shoulder. They are both looking out the window, which shows a blurred view of the outside world. The text "With my loved ones, without distractions." is overlaid on the left side of the image.

**With my  
loved ones,  
without  
distractions.**

**I want to spend as much time as possible  
with my family – and want very little to get  
in the way.**

## One space, endless options.

The living area in my Carado features an array of cleverly designed storage compartments and shelves, comfortable and perfectly crafted upholstery and pleasant LED lighting.

# Sleep like a baby anywhere.

My sleeping area features high-quality cupboards and storage compartments as well as premium upholstery and beds with slatted frames or Clima-Plux elements (in the fold-down bed).

## **Shower. Feel good. Save space.**

**My bathroom is a perfectly designed space with a shower, cassette toilet and clever cupboards.**

# No cooking required. But I can cook anything I want.

With premium built-in appliances  
and ergonomically designed worktops,  
my little kitchen is equipped for  
everything!

# Semi-Integr

A landscape photograph showing a green hill with a single, dark, rounded tree on its crest. The sky is blue with scattered white clouds. The foreground is a grassy field with some wildflowers.

16

Everything my holiday  
needs – in a motorhome  
I can't stop admiring.

# ated

Sleeping berths	⋈⋈(⋈)	⋈⋈(⋈⋈⋈)

Semi-Integrated  
Transverse bed at rear

The transverse bed at the rear gives me a spacious interior design despite the compact length of the motorhome.

2 • T 132

- 1 View of the spacious transverse bed at the rear
- 2 The black glass cover can quickly transform the 3-burner hob and sink into a worktop
- 3 Driver's and front passenger seats can be turned around to the living area to complete the seating group

3 • T 132

19

T Series

Carado 2019

- 1 Arrive and enjoy: indirect LED lighting in the door area and in the kitchen
- 2 Repositioned control panel over the refrigerator
- 3 The kitchen with ergonomically designed worktops and high-quality built-in appliances
- 4 View of the comfortable living area with driver's and passenger seats turned to face the dining table

T 135

T 348

L/W/H (cm)	595 / 232 / 290	680 / 232 / 290

## Semi-Integrated Queen-size bed at rear

This type of bed practically gives me my very own bedroom in my motorhome. The double bed is in the centre at the rear and can be accessed from both sides. It's amazing how much room you can have with so little space – it's fit for a queen.

- 1 Spacious sleeping area at the rear
- 2 The welcoming new entrance of the T 449
- 3 The large fold-down bed at the front, optionally available for the T Series
- 4 Enough room for four: spacious seating group in the T 449

3 • T 339

Carado 2019

2 • T 449

4 • T 449

T Series

Semi-Integrated  
Single beds at rear

With single beds, I never have to sleep alone and still have enough room for sweet dreams.

- 1 + 2 Single beds at the rear which can be pulled out to create a large lounging area
- 3 The adjustable table and seating group
- 4 The Carado Vario bathroom: turn the bathroom into a shower in a few simple steps

# Integrated

The background of the slide features a close-up, low-angle shot of palm fronds in the foreground, creating a sense of depth and texture. In the background, a portion of a classical building with an arched entrance and stone columns is visible, partially obscured by the foliage. The lighting is bright, suggesting a sunny day.

28

## Integrated Single beds at rear

Left my space, right your space.  
And we can instantly turn that into  
our shared space.

2 • I 447

- 1 The single beds at the rear can be converted into a large double bed
- 2 We take the term integrated to heart: the bathroom and sleeping area become one
- 3 The fold-down bed in the Integrated models can simply be pulled down for sleeping

3 • I 447

Carado 2019

31

I Series

Integrated  
Queen-size bed at rear

Thanks to a free-standing double bed at the rear, I can get into bed from all three sides.

- 1 The queen-size bed at the rear can be accessed from three sides
- 2 Cupboards to the left and right of the bed
- 3 The high-quality table with a complete seating group
- 4 View of living and sleeping area in the integrated model

2 • I 339

3 • I 339

4 • I 339

- 1 Large windows for a spacious feel
- 2 Large drawers and storage areas in the kitchen
- 3 Music lounge with a view
- 4 A fantastic bathroom

Sleeping berths	👤👤👤👤👤👤	👤👤👤👤👤👤

Overcab  
Bunkbed at rear

The fold-out overcab bed above the driver's cab gives parents plenty of room to sleep. That combined with the kid's bunk bed at the rear makes sure everyone gets a good night's sleep.

3 • A 461

- 1 Spacious bed above the driver's cab
- 2 A view of the rear bunk bed in the overcab model right before bedtime
- 3 Enough space for the whole family with up to six sleeping spaces and a large dinette

## A 464

Sleeping berths 

## Overcab Transverse bed at rear

1 • A 464

The transverse bed at the rear leaves all options open: room for two couples, two generations or simply four good friends.

- 1 With its transverse bed at the rear, the overcab model provides two large sleeping berths
- 2 Storage space for the entire family: large rear garage in the A 464
- 3 View from front to rear of the living, dining and sleeping areas
- 4 Thought through to the last detail: the kitchen in our overcab models

# All options at a glance

Carado offers a wide range of design and layout options depending on the space required and family needs. Regardless of the model, I can count on a smooth and comfortable ride.

- Height adjustment for passenger seat

## Chassis Comfort Package

- FIAT original 16" alloy wheels
- Leather steering wheel and gear knob
- Instrument panel with chrome rings
- Dashboard with applications (Techno Trim)

# Highlights 2019

## Holds onto what needs holding

A convenient magnet on the toilet hatch.

## All items stored safely

The locks for the stowage compartment doors feature a pull-in function.

## Frost protection for waste water

The wastewater tank under the vehicle is also available with insulation on request.

• Optional extras

## Rugged all-weather protection

Hail-proof, long-lasting and weather-resistant: the high-strength Carado composite roof and rear end made of glass-fibre reinforced plastic (GRP). In a tried-and-tested sandwich design combined with 34 mm-thick insulation, it braves wind and weather.

## Wet weather stays outdoors

All vehicle doors and exterior stowage compartment panels and doors are protected from rain and splash water by additional splash water seals. That keeps moisture from getting between the door and frame and freezing solid in the cold.

## Awning

The lightweight and elegant articulated awning offers the perfect protection from the sun and rain with a length of 3.5 m, 4 m or 4.5 m and a depth of 2.5 m.

• Optional extras

## Three-piece, sporty and maintenance-friendly

Modern design is not the only thing the new tail lights have to offer. Damaged lighting elements as well as a damaged centre piece can be replaced separately. This saves you from having to make complex and costly repairs.

## Great to be on board

Indirect lighting in the entrance area and a white background for the handle make you feel right at home in your Carado.

## Gas bottle locker

The 11kg gas bottles are well secured. You won't hear the slightest clanking sound while on the road. And when they are empty, you can quickly and easily replace the gas bottles.

### Refrigerator

The kitchen can be optionally fitted with an extra-large refrigerator with an AES function: 167l storage capacity plus a separate 29l freezer.

- Optional extras

### Refrigerator in the dashboard

Refreshment is only an arm's length away. Even while you're on the road.

- only in the T and A models

### Charge your batteries – and your electric bike, too

The 230 V and 12 V power outlets are located at intelligent positions in the motorhome: there is one in the rear garage (in the Basic Package) especially for an electric bike.

### Always in control

Standard multi-purpose holder on the dashboard for tablets and mobile phones with a suitable USB port.

### Energy-saving LED lighting

The standard ambient interior lighting creates a pleasant atmosphere. Modern LED bulbs decrease power consumption, which adds several hours to your battery runtime.

### New: USB port in the living area

The USB ports in the living area can be used to charge smartphones and tablets right where you need them.

### Flexible entertainment

The swivel TV holder adjusts to different sitting positions and viewing angles.

- TV and holder as optional extras (example in the T 339)

### Move, swivel, lower

You can move the table in the L-shaped seating group in every direction and even rotate it 180°.

The table can also be lowered to easily turn the seating group in an additional bed.

### Room for passengers

The bench seat next to the entry door can be converted into a fifth seat with integrated safety belt.

Optional for models:

• T 334 • T 348 • T 447 • T 448 • T 449  
• I 447 • I 449

### Stylish and colour fast – for years

Thanks to such durable fabric, the Terra and Arctica upholstery covers continue looking good for years to come. That is not only due to premium, decorative stitching, but also thanks to their protection against bleaching from exposure to light.

### Simpler, lighter and more convenient: the new fold-down bed

A new mechanism makes it easier than ever to lower the fold-down bed. It rests securely on special supports so you can sleep safe and sound. Even more sleeping comfort and excellent ventilation for the mattress is guaranteed by the Clima-Plux elements.

Optional extras:

• T 334 • T 339 • T 348 • T 447  
• T 448 • T 449

Standard equipment:

• I 447 • I 449 • I 339

### Nice to know that I can leave my allergies at home

The mattress is certified to be 100 % resistant to house mites and is now available as standard in all Carado motorhomes.

### Stowed well means twice the space

Large overhead stowage compartments and a convenient track system provide additional options for stowing and hanging up items. Space is optimally utilised in the motorhome and there is a spot for every item. The panels close stylishly and comfortably with wide stainless steel handles and soft-close mechanisms.

### In the right place

A spacious and easily accessible wardrobe is located under each of the single beds.

• T 337 • T 447 • T 448 • I 447

### Room for bulky items

Bicycles, camping furniture and other bulky items fit next to each other easily in the large rear garages.

### Room for shoes

The stowage compartment recessed into the platform in some models provides additional room for shoes and small items.

An additional, convenient stowage compartment in the side seat is built into every model. It is easily accessible from the entrance area and ideal for quickly changing shoes when entering and exiting.
