LEGAL NOTICE: Hymer GmbH & Co. KG | Registered Office: Holzstr. 19, 88339 Bad Waldsee | Registered with Ulm District Court Register No. HRA 724 395 | VAT Identification No.: DE 298318108 | Managing Directors: Jochen Hein, Christian Bauer

The Pioneer

Erwin Hymer (* 27 July 1930 † 11 April 2013), a leading figure of the European caravan and motorhome sector

Inventor, visionary, entrepreneur

When he founded the Erwin Hymer Group, Erwin Hymer not only established a highly successful group of companies but also revolutionised camping in general.

Technical know-how, the pioneering spirit of the entrepreneur and a healthy dose of ambition and hard work – all of these were typical of Erwin Hymer. From humble beginnings, our company's founder, who passed away in April 2013, created a group of companies which now ranks among the leading motorhome and caravan manufacturers in Europe and is active worldwide.

As a young engineer, Erwin Hymer followed his parents' calling, and began working in his father Alfons' repair shop in the southern German town of Bad Waldsee in 1956. Just one year later, he developed the first caravan – the original "Troll" – in collaboration with the engineer Erich Bachem. And thus began a new era! The next decisive step came in 1971 with the launch of the first HYMER motorhome – a key milestone in our long corporate history!

For over 60 years, the EHG has produced a range of different series, models and layouts. Many of its motorhomes and caravans have set standards and ushered in new trends – especially in terms of technology, comfort and design, as well as quality and safety. For our founder Erwin Hymer, incorporating customers' wishes into the development of new and improved vehicles was always a matter of principle.

For decades, Erwin Hymer's inventiveness and ceaseless creativity has shaped the entire industry. His whole life's work provides us with a model for future corporate decisions.

As a result, the concept of motorhoming has always been inseparably linked with the name HYMER. The passion and professionalism that goes into the development and construction of our vehicles is appreciated by our customers. We at HYMER are not only proud of over 60 years of company history, but also of our employees, who devote their energy and ideas on a daily basis to making "travel in the original" possible.

A unique success story

The history of the ERIBA caravan.

Beginning with the legendary Touring models from the early days of the company's history, which have long since acquired cult status, to the luxurious Nova model ranges of the present day – ERIBA caravans have shaped a whole industry for over

six decades. Novel technologies, consistent innovation and supreme comfort and quality ensure maximum customer satisfaction and set ever new trends. Join us on a fascinating journey back in time through the history of ERIBA caravans.

1923

Alfons Hymer begins production of agricultural vehicles.

1957

Erich Bachem ("ERIBA") and Erwin Hymer build the original "Troll", the first caravan.

1960

Birth of the ERIBA Touring models Puck, Faun and Troll, followed by Pan, Familia, Triton and Titan.

1966

Introduction of the ERIBA Nova model range.

1976

Launch of the Eribette, a compact alternative to the ERIBA Touring built of wood.

1978

The innovative PUAL body shell is developed and proves its stability.

1980

ERIBA and HYMER merge to form ERIBA-HYMER GmbH.

1998

The ERIBA Moving model range sets new standards in caravan design with its round body shape.

2004

The redesigned ERIBA Nova is one of the most modern caravans on the market.

2005

The ERIBA Feeling is developed as a modern pop-top caravan.

2012

The model range is supplemented with the ERIBA Exciting, for young campers.

2013

The ERIBA Nova Light combines the compact outer dimensions of the ERIBA Feeling with the comfort features of the ERIBA Nova.

2014

The new space-saving models of the Nova model range arrive on the scene, strikingly attractive and soundly practical.

2014

The ERIBA Nova is honoured with the European Innovation Award for its innovative raum+system.

2016

Premium flagship: The ERIBA Nova S with a modern exterior design and premium equipment features.

2017

60 years on the move: ERIBA celebrates its anniversary.

2018

Retro design: the ERIBA Troll 530 in the "Rockabilly" and "Ocean Drive" special models featuring the cult 1950s design.

Visit the Erwin Hymer Museum and discover the world of motorhoming and the greatest routes of all time. www.erwin-hymer-museum.de

A prime example of efficiency

Low overall height (226 cm)

With perfect roadholding characteristics and a high degree of driving stability

Pop-top roof

With 26 mm sandwich insulation and 1.95 m headroom

Automatic brake adjustment

For considerably shorter braking distances

Outer skin made from smooth aluminium

With reinforced pop-top roof made from hail-proof GRP

Anti-sway coupling

With automatic overrun device and automatic reversing mechanism

Streamlined tubular steel construction

For minimal air resistance and reduced fuel consumption

Celebrating 40 years of exceptional design

Excellent insulation values

Even and fast heat distribution ensures perfect winter performance

Unique two-component adhesive

Water-repellent, rot-proof and lightweight

Polyurethane foam and aluminium (PUAL)

State-of-the-art design with no thermal loss, which is extremely durable, yet lightweight

Interior cladding

With high-grade plywood panel

Gapless elastic bonding

Of the roof and walls for outstanding stability and torsion resistance

The Touring caravan from ERIBA.

The unique and timelessly elegant design of the ERIBA Touring is no accident. The exceptional concept featuring a steel frame located beneath an aerodynamically designed aluminium skin has its origins in the aviation industry and was perfected by an aeronautical engineer over 60 years ago.

The Touring's aerodynamic front section has numerous benefits for you on your travels, including lower air resistance and fuel consumption, as well as greater driving safety and perfect roadholding characteristics. Discover a premium quality, fuel-efficient and compact travel pro that's more than earned its cult status.

The PUAL design from ERIBA.

The foundations for the unique outer shells made by ERIBA were laid back in 1978 when closed-cell polyurethane foam was extruded between an aluminium outer shell and an interior, high-grade plywood panel for the very first time.

The highly efficient PUAL design has its origins in the aviation industry and is made possible by a special two-component adhesive. In conjunction with special materials and composites, it withstands extreme loads, increases the service life of the structure and minimises road noise. The so-called "adhesive edge", which connects together all of the main parts of the vehicle, is a crucial component. It acts like a shock absorber and counteracts all the centrifugal and torsional forces that occur while driving.

ERIBA HY-Tec

The future is now – discover the unique ERIBA technology.

raum⁺system

raum⁺system

The innovative ERIBA raum+system gives you even more comfort and space within the same dimensions. Completely clear stowage spaces, large overhead lockers and the cellar space below the beds and seating ensure a huge amount of extra storage as standard. The raum+system also accommodates 2-metre-long beds, a U-shaped comfort seating area and a roomy bathroom.

LED lighting

Energy-saving LED lights are installed throughout the vehicle for low power consumption. The LED ambient lighting is also available as an overhead locker trim. The benefit of this is that the overhead lockers are illuminated from within.

Heater

The warm and cosy hot-water central heating system of the ERIBA Nova guarantees an unrivalled level of comfort without any draughts. Thanks to the convector heaters integrated in the furniture, air can circulate freely and imperceptibly, ensuring a uniform temperature distribution. Combined with the hot-water floor heating, you couldn't be more snug.

- ⊕ 4-circuit hot-water heating system with separate heater circuits for different temperatures (e.g. in the bedroom and living area)
- ⊕ Floor heating also underneath the shower tray
- ⊕ Top marks in the cold chamber test
- ⊕ Installation out of sight underneath the wardrobe
- ⊕ Integrated hot water boiler (also makes efficient use of the heating energy)

Soft-Close

All kitchen drawers are roller-mounted for an ultra-smooth action. They feature high-quality servo soft-touch closing mechanisms and one-hand push-locks which prevent the drawers from opening and rattling while the vehicle is in motion.

Air circulation

All overhead lockers have a void at the back as standard, through which warm air can circulate freely. This ensures that major temperature variations and unwanted condensation in the interior can be avoided.

Entertainment

The optional ERIBA SMART-Multimedia package includes a 22" LED TV in the living area and a 19" LED TV in the sleeping area as well as a DSP box, which makes it possible to watch television in the living area at the same time as listening to the radio in the sleeping area, for example.

ERIBA comfort sleeping system

Multi-zone cold foam mattresses offer many advantages when it comes to ensuring a comfortable night's sleep. The ERIBA comfort sleeping system includes a high-quality sprung mattress to ensure precise counter-pressure for every part of your body, helping to ensure a pleasant and restful sleep.

The raum⁺system

The Plus system for more space.

The innovative raum⁺system gives you even more comfort and space within the same dimensions. In the new ERIBA Nova you can enjoy extra freedom of movement and comfort thanks to a centrally installed technical equipment unit and track system – and it all comes as standard!

Storage plus

- ⊕ Completely clear storage spaces
- ⊕ Perfect accessibility
- ⊕ Damage-proof service installations:
 - + Boiler in wardrobe
 - + Underfloor fresh water tank
 - + Instead of occupying the storage spaces, all plumbing/wiring is safely integrated in the installation duct
- ⊕ Generous 400 x 1,000 mm exterior flap under beds
- ⊕ Through-loading compartment/ski flap

Comfort plus

- ⊕ 2-metre beds
- ⊕ U-shaped comfort seating area
- ⊕ Kitchen with 146 l Smart-Tower refrigerator
- ⊕ Extra spacious bathroom
- ⊕ 1.98 m headroom

raum⁺system

ERIBA winter technology

Top marks in the cold chamber test.

- ⊕ Top insulation values thanks to 30 mm PUAL body shell design¹
- ⊕ No more cold feet thanks to 50 mm polystyrene foam floor insulation¹
- ⊕ Ideal interior climate and heat distribution thanks to ERIBA rear ventilation system
- ⊕ Drying drawer above heater¹
- ⊕ Large, double-glazed windows
- ⊕ Highly efficient heating concept – optionally available with 4-circuit Alde heating system²
- ⊕ Hot-water floor heating²
- ⊕ 100% frost-proof installation
- ⊕ First-class cold chamber test results

1) Only for ERIBA Nova
2) Optional extra

Premium quality fabrics

In your ERIBA you will discover the world's largest selection of high-quality fabric combinations. We source most of our upholstery materials and imitation leather from renowned German manufacturers and established European weaving mills – for example, our leather comes from an Italian partner.

All materials are processed by 30 sewing experts at our in-house sewing shop in Bad Waldsee. For a fabric to be fitted in an ERIBA caravan, it must not only impress in terms of design, but must also satisfy numerous quality standards – such as the 18 DIN ISO test standards, as well as passing the appropriate finish tests.

Take a closer look, and you will see that the structure of our fabrics is especially impressive. Their tight weave makes them highly durable and able to withstand all kinds of stresses. Thanks to the additional lotus effect, liquids simply flow off the surface and can be easily dabbed away.

The fabric and leather variants exhibit above-average light and colour fastness values to cope with the high levels of solar radiation. They are also coated with a stain protector and are thus extremely hard-wearing and easy to clean. Further tests for rubbing fastness as well as abrasion and tear resistance are standard at ERIBA and guarantee the highest quality – which is why ERIBA also offers a 10-year replacement parts warranty on its own fabrics.

Unique surface quality

The finished surfaces are made from premium quality materials that are easy to keep clean, and impervious to external influences. They are the result of a sophisticated design process that includes a high degree of innovation. This guarantees no rattling or squeaking and no scratches or paint defects on surfaces. In addition, care is taken throughout the interior to ensure uniform panel gaps and perfect workmanship on all components.

ERIBA Touring

The cult caravan for individualists.

ERIBA Touring caravans have acquired cult status. They are notable for their low dead weight, compact dimensions and low overall height, and their pop-top roof and superb roadholding characteristics are legendary. The vehicles come with an exclusive equipment package which ensures both comfort and maximum safety. A practical furnishing concept with a high-quality interior and an exclusive design – in the living and sleeping area, kitchen and bathroom – make travelling with the ERIBA Touring an unforgettable experience.

Perfect interior climate thanks to pop-top roof canvas window

Low fuel consumption due to aerodynamic front

Perfect roadholding characteristics and driving safety

Unique design principle based on aircraft engineering

1.95 m headroom thanks to ERIBA pop-top roof

Available in 2 different exterior colours

Living area and kitchen

Inspiring interior design on wheels.

More space for preparation.
The side flap acts as a worktop extension and combines with the optional sink cover with chopping board to make a large work surface.

Stowage space galore.
All fixed beds open up wide and are kept securely in position by spring struts. That way the huge bed boxes are easily accessible – both from inside the caravan and from outside through the exterior locker door on the awning side (optional extra depending on model).

A small-scale space sensation.
The ERIBA Touring with its pop-top roof boasts a headroom of 1.95 metres. The interior has a very welcoming feel, with cleverly designed furnishings in the warm Trentino Pear Wood furniture finish.

All seating areas can be transformed at a stroke into a comfortable bed. The spacious seat boxes provide plenty of easily accessible stowage space.

Sleeping and bathroom

*Charming interior
concepts.*

Everything in its place.
The bathroom is equipped with a height-adjustable mirror, a shelf with tensioning straps to store utensils, a towel rail and a bench toilet.

Maximum sleeping comfort.
Travelling doesn't have to mean compromising on sleeping comfort: in the ERIBA Touring, restful slumbers are guaranteed thanks to cold foam mattresses or optional innerspring mattresses with soft drill covers.

Familia 310 – also available as **60 EDITION**

★ **Highlights:**

- Lightweight – perfect for small towing vehicles
- Compact dimensions for optimal roadholding characteristics
- Fixed bed in rear, optionally also with seating area in rear

A cult caravan celebrates its birthday

60 EDITION

The ERIBA Touring “60” Edition.

The absolute highlights of this unique travel companion, which features first-class fixtures and fittings, are plain to see: the distinctive two-colour paintwork and an attractive equipment package. The lower section of the smooth metal is finished in Crystal Silver, and the upper section in Carrara White. The matching bicolour rims are perfectly colour-coordinated.

The same is true of the “Grand Oak” furniture style collection. The bright, modern oak furniture finish has been beautifully combined with white, high-gloss locker doors and chrome handles. The harmonious overall appearance is rounded off by the plain-coloured Janeiro or Cusco fabrics, which are transformed into truly eye-catching features by their sophisticated, modern button design. Unparalleled seating comfort is ensured by the comfortable cushions, which feature a high backrest and lumbar support. The work surfaces and tabletops are also modern and yet easy to keep clean: an anti-fingerprint coating has been applied to them.

For more information, visit www.eriba.com

ERIBA Feeling and ERIBA Nova Light

Compact comfort for the discerning customer.

Perfect for serious travelling coupled with home comforts: the light and nimble ERIBA Feeling and ERIBA Nova Light. The compact ERIBA Feeling is notable for its low chassis and boasts a spacious interior and pleasant climate thanks to the pop-top roof. The ERIBA Nova Light impresses with its generous headroom. And its extremely low dead weight means it can take any amount of luggage. Cosy seating areas and berths ensure a superior standard of living and sleeping comfort.

Eriba Living

Light and compact: the perfect caravan for the whole family.

With its chic design and attractive colour scheme, the ERIBA Living will delight both the young and young at heart. The living area radiates a cosy, homely atmosphere, and the sleeping area is so comfortably designed that caravanning fans of all ages will feel at home here. The bunk beds in the ERIBA Living make it very child-friendly, and there's plenty of storage and shelf space to help you keep things tidy. The ERIBA Living – in short, the ideal caravan for the whole family.

Sturdy vehicle body in lightweight design

GRP coating for weather and hail protection

Large payload reserves

Smooth metal optional

Optional pop-top roof for 2 people

No snaking thanks to the anti-sway coupling

Living area and kitchen

Perfect home comforts in a compact caravan.

Clearly arranged.
The compact kitchen of the ERIBA Living has everything you need for a carefree holiday. The generous drawers keep your kitchen equipment clearly organised.

High-spec refrigerator.
The lockable 142-litre refrigerator has an integrated 15-litre freezer compartment plus flexible shelf inserts and can be run on 12 V, 230 V or gas.

Mobile apartment.
Your mobile apartment offers top-class living comfort and an astonishing amount of space within a compact exterior. As for the location, the choice is yours!

Practical stowage space.
The generous overhead lockers in the attractive Grand Oak furniture finish are equipped with high-gloss, chrome-coloured handles. Numerous open shelves offer even more storage potential.

Sleep like royalty.
The large transverse bed at the front of the Living 525 gives you lots of room to spread out and ample storage space underneath.

Storage space galore.
The large storage box under the double bed in the Living 485 is easily accessible both from inside and outside via the 100 x 40 cm exterior locker door at the side.

Extra berth.
The large fold-down bed above the seating area in the Living 555 XL can be infinitely adjusted, providing you with lots of space despite the compact vehicle dimensions.

Sleeping and bathroom

Delightful accommodation for the whole family.

100% family-friendly.
The bathroom in the ERIBA Living is ideal for families, with practical fittings so you can tidy away all your bits and pieces quickly and easily.

ERIBA Exciting

Plenty of freedom for families.

The ERIBA Exciting delights with its chic design and attractive colour scheme. The living and sleeping area are practically equipped and radiate a homely atmosphere. The flexible berth arrangement (featuring bunk beds in 2 of the models) makes the ERIBA Exciting very child-friendly. The innovative raum+system allows an optimal use of space while ensuring maximum comfort and even more freedom of movement. The numerous storage spaces are completely unencumbered by plumbing and wiring. The ERIBA Exciting: the ideal caravan for the whole family.

- Exciting 471 Page 54
- Exciting 485 Page 55
- Exciting 530 Page 55

LED rear lights with hybrid technology

Optional pop-top roof for 2 people

High payload

Family caravan with up to 9 berths

Perfect access to storage spaces

Clear stowage spaces thanks to cable ducts

A great combination.
The 3-burner cooker/sink combination has a safety pilot, is easy to clean and does not take up too much space in the front. For easier cooking, the worktop surface can be increased as required using the worktop extension.

Cosy atmosphere.
The large front seating area in the Exciting 530 combines the Calvi fabric design with the Noce Cognac furniture finish for a sophisticated ambience.

Comfortable seating.
In the ERIBA Exciting – here in the Calvi fabric combination – you sit on comfortably upholstered seats with lumbar and knee support.

Living area and kitchen

Room for individuality.

Sleeping and bathroom

*Delightful accommodation
for the whole family.*

Sleep comfortably.
Generous twin beds with plenty of storage space above in the overhead lockers. The wardrobes are very spacious.

Large play and lounging area.
With the aid of an optional slatted frame, the twin beds can be quickly and easily turned into a large play and lounging area for the whole family.

Small is beautiful!
Everything you need in the smallest of spaces, while the Noce Cognac and Alaska White furniture finish gives you a feeling of spaciousness.

ERIBA Nova GL and Nova SL

Strikingly beautiful, beautifully practical.

The ERIBA Nova boasts unique comfort features and top functionality combined with excellent practicality. The new multifunctional rear lights are an eye-catching feature, echoing the 3 bars of the ERIBA logo when illuminated. The raum+system guarantees more space and freedom of movement within the same dimensions. Highlights of the Nova generation include its outstanding body shell design, minimum bed length of 2 metres, practical service installation systems and winter resistance. The ERIBA Nova GL/SL is the ideal caravan for winter camping, thanks to features such as the PUAL high-tech body and frost-protected plumbing and wiring. In addition, the ERIBA Nova SL comes with a 51 mm thick GRP floor and PU framed windows.

Home from home.
The ERIBA Nova 530 GL feels almost like your living room at home with its ultra-comfy seating area in the bright Grand Oak furniture finish.

Living area and kitchen

Caravanning with a touch of luxury.

A great combination.
The 3-burner hob/sink combination comes with a safety pilot, is easy to clean and includes sufficient work surface at the front for food preparation.

What more could you wish for?
From the modern design down to the smallest equipment detail: the ERIBA Nova SL leaves nothing to be desired when it comes to creating an attractive living environment.

Raised refrigerator.
The Nova SL has a raised Smart-Tower refrigerator with 146-litre capacity and separate 12-litre freezer compartment.

Easy opening and soft closing.
The modern kitchen features drawers with Soft-Close function for storing a range of kitchen utensils.

Convivial atmosphere.
The ambient lighting, supplied as standard, makes for a cosy evening atmosphere – perfect for getting together round the table, as seen here in the Nova 590 SL.

Sleeping and bathroom

Wellness oases for all tastes and budgets.

Bath and shower.
The side bathroom in the Nova 485 GL is an oasis of well-being and a real eye-catcher too, featuring luxury shower fittings and fixed shower partitions as optional extras.

Secure storage.
The bathroom in the ERIBA Nova 530 GL boasts an array of open and closed shelving and cupboards for secure storage of all your items.

Just like home.
The removable, washable drill covers conceal high-quality cold-foam mattresses that guarantee home-from-home sleeping comfort. Whether single bed or lounging area, the ingenious bed conversion takes no time at all, and the Grand Oak furniture finish creates a pleasant ambience.

Tasteful down to the last detail.
In the bathroom cupboard, a clear and practical storage compartment layout keeps everything well organised. Ideal for storing various bathroom accessories and cosmetics – as pictured here with the optional luxury shower fittings.

Sheer luxury.
A more luxurious bathroom is hard to imagine: elegant design, high-quality materials, smart storage and maximum functionality.

Charming single beds.
Just the thing for a restful night's sleep: 2-metre-long single beds with cold foam mattresses, ergonomic wooden slatted frame and removable drill covers. The two single beds can be transformed into an extra-large bed in an instant via an optional roll-up slatted frame.

Living area and kitchen

Pure innovation for discerning tastes.

Plenty of space to chill.
The redesigned interior in the elegant Velvet Ash furniture finish creates a cosy yet luxurious living room atmosphere. With the seat box cushions upholstered in the same fabric as the living area, the seating area feels even more distinctive and spacious.

High-quality pull-out drawers.
The large, sturdy pull-out drawers and cutlery compartment with Soft-Close mechanism provide plenty of space for all your crockery and cutlery. The drawers and pull-out compartments can be readily removed in one easy step.

Cosy seating area.
The generous U-shaped seating area in the ERIBA Nova S 545 is ideal for relaxation and cosy get-togethers, with indirect light sources for a pleasant ambience.

Stylish wall cladding.
The redesigned kitchen of the ERIBA Nova S with gloss finish surfaces and wall cladding in high-quality acrylic glass is extremely chic and stylish. Even complicated 5-course meals are no problem at all thanks to the optional stove, oven and grill tray.

Sleeping and bathroom

High quality of life on the move.

Comfy bed.
The large fixed bed in the rear of the ERIBA Nova S 545 provides comfortable sleeping quarters for two. Above the bed is a standard double-glazed panoramic roof vent with LED lighting.

Stylish wet room.
The vanity unit with its modern, floral design provides a stylish surround for the Cool Glass washbasin.

Luxury shower fittings.
Optionally available for all ERIBA Nova models: the luxury shower fittings with fixed partitions, shower head and water-resistant bathroom surfaces. All bathrooms are equipped with a bench toilet.

Optional extras

Special solutions to customise your van.

Want to add a more personal touch of class to your ERIBA caravan? You'll find a wealth of attractive extras to choose from. Here are just a few of them – your ERIBA dealer will be happy to inform you about the complete range.

Space for bicycles

The optional bicycle rack accommodates 2 bikes securely on the drawbar, and folds back easily to allow access to the front storage area.

Luxury shower fittings

Thanks to optional luxury shower fittings including fixed shower partitions, waterproof surfaces and high-quality shower head, you can now enjoy a good shower just like at home.

A real head-turner

The striking appearance of the ERIBA alloy rims further enhances the stylish overall look. In spite of their light weight, they also permit a substantially higher payload.

An individual touch

The optional premium drawbar jockey wheel with integrated load indicator enables quick and easy reading of the caravan's drawbar nose load.

Pure comfort

The optionally available neck rests are exceptionally comfortable. They can be easily inserted behind the upholstered seating as required and are equally easy to remove.

City water connection

The ideal solution for luxury caravanners: the city water connection gives you direct, easy access to this precious resource.

Panoramic view

Enjoy the best views thanks to the large panoramic roof. It makes the interior feel even more light and spacious. This is where you can make the most of the sun during the day and the star-studded sky at night.

Autonomy package

With the optional autonomy package you can enjoy unconditional freedom and independence: the 12V power pack for your ERIBA keeps electrical appliances (e.g. refrigerator) going without a direct power supply.

Practical ski flap

It is well worth equipping your caravan with the additional ski flap. This is just the thing for tidying away all kinds of equipment, from snowboard and skis for your winter holidays to the awning in summer.

Multimedia package

With the ERIBA multimedia package, you can enjoy a film on the 22-inch flat screen television with top image and sound quality, which is available as an optional extra.

Room at the top

The optional ERIBA pop-top roof with berth brings you closer to the stars. It offers an additional sleeping area – without having to convert the seating area – and also gives you a fantastic view.

Roof awning

The optionally available articulated awning offers optimal sun and rain protection. This extremely lightweight and elegant awning fits compactly to the curve of the roof without making the caravan any wider.

Cooker

With the optional cooker, you can prepare meals just like at home. Includes oven, 4-burner hob and grill tray.

Safe gas connection

The handy external gas socket with shut-off tap is ideal for barbecuing in front of the vehicle. That way you can connect your gas barbecue directly to the tap drawing from the gas bottle at the front.

HYMER Original Parts & Accessories

A perfect match.

Discover our wide range of innovative solutions that are available in the categories interior, exterior, chassis system, travel and transportation. With HYMER Original Accessories, you can rest assured you've made the right choice: a perfect fit, impeccable workmanship and original quality. HYMER Original Parts & Accessories are not available direct from the factory, but are ordered and retrofitted exclusively via your HYMER dealer. You can find the full range of HYMER Original Parts & Accessories online at <https://www.hymer-original-zubehoer.com/en>

The HYMER E-Bike

The HYMER E-Bike by FLYER gives you even more mobility while on holiday. Based on the Flogo model with a conveniently low, easy-mount frame and 250-W Panasonic motor, the e-bike fits easily into the rear garage thanks to its compact size and smart handlebar and pedal folding mechanisms. You'll be impressed by its high-quality craftsmanship and excellent handling, not to mention the generous warranty, e.g. 10 years for the frame.

Always to hand

The rotary clothes dryer developed especially for the ERIBA fits perfectly onto the rear manoeuvring handle. Made entirely of stainless steel, it is easy to assemble and absolutely stable. Available for all ERIBA models.

An invitation to dream away

The HYMER slumber set consists of the following: 1x HYMER performance duvet, 1x HYMER performance pillow and matching bed linen in migratory birds or paisley patterns (including a complementary cushion).

Light and shade

Extending out 3 metres, the ERIBA Touring canopy provides lots of shade and extra living space. It can also be supplemented with front and side sections.

Tailor-made for the winter

The winter tarpaulin specially designed for the ERIBA Touring is a perfect fit and can be attached in just a few minutes. It is made of a breathable, light and especially strong material.

The classic 2.0

A cosy extra berth for children can be conjured up in next to no time with the ERIBA Touring child's bed.

Space for bicycles

Specially designed for the ERIBA Touring, the tow bar bicycle rack securely accommodates 2 bikes, and folds back easily to allow access to the gas locker.

Lock out the cold

The ERIBA Touring and Feeling pop-top roof insulation means you can still use them even in winter. Attached with Fidlock magnets.

Travel is always in fashion

Enjoy being active and discovering new places? Wherever your journey takes you – there is the perfect outfit from HYMER.

For a perfect retro look

The high-gloss hubcaps from the ERIBA Rockabilly special model really cut a dash with their unique appearance and are the perfect match for the retro look of the ERIBA Touring model range. Their nostalgic look makes them a real alternative to alloy wheels. Mounting the hubcaps is incredibly easy – they are simply snapped into place. Furthermore, corrosion is not an issue thanks to their stainless steel design.

Roof awning with LED

The extremely lightweight articulated awning with integrated LED light fits compactly to the curve of the roof without making the caravan any wider. The optionally available side and front sections offer additional protection from sun, wind and rain. A dimmer is also available for the awning lighting.

HYMER extended warranty for new vehicles

Peace of mind for up to 5 years.

For all vehicles registered in Germany.
INCLUDES OUR MOBILITY GUARANTEE!

Benefits for motorhomes and camper vans:

- From € 549 (incl. insurance tax and roadside assistance)

Travel safely:

You've found your dream leisure vehicle, and we want you to enjoy it! We are one of the first in our industry to offer an extended warranty for up to 3 years, so that you can continue to travel safely and with the same peace of mind even after the initial warranty period has expired. In the event of any claims, our partner Europ Assistance will guarantee a top-level, unbureaucratic service and cover any costs as outlined in the warranty conditions.

Warranty benefits:

- ✓ Flexible and long-term warranty
- ✓ Guaranteed protection against unexpected repair costs
- ✓ Up to 3 years extended warranty on all major components of your motorhome, camper van or caravan, including bodywork
- ✓ Europe-wide coverage around the clock
- ✓ Consistent quality standards at our certified partner garages
- ✓ Increased value of your leisure vehicle
- ✓ Professional and rapid claim management
- ✓ Roadside assistance guarantee for motorhomes and camper vans

At your side, all over the world

HYMER dealer and service network.

From Denmark to New Zealand – for anyone with an interest in HYMER vehicles there is always an expert partner nearby to help you fulfil your motorhoming dreams. Our numerous international dealers are waiting to welcome you to the world of HYMER vehicles and caravans – all around the globe.

In Europe, you will find a particularly dense network of dealers and service providers.

This makes it easy to get a first impression of the various models and arrange a test drive. Naturally, you can also hire or purchase your dream vehicle and register for the included mobility warranty. Are you looking for innovative solutions in the area of HYMER Original Parts & Accessories? Once again, your local HYMER dealer will be happy to assist you. We look forward to your visit!

Ensuring you reach every destination

HYMER Original Parts & Accessories.

We want our customers to enjoy their HYMER motorhome for the entire life of the vehicle. For this reason, in 2012 we introduced a concept that was a real industry first: a close-knit supply network called HYMER Original Parts & Accessories. In other words, we established a unique type of customer service that is available for all model ranges at any time and without any complications – and is still going strong today.

The benefits for our customers are impressive to say the least. For example, you can obtain spare parts for your vehicle within 24 hours, and our supply guarantee gives you 10 years of absolute peace of mind when it comes to quickly sourcing parts to maintain vehicle operability. Are you a new customer? Then simply relax in the knowledge that you are fully covered from day one thanks to our extended warranty for new vehicles.

The figures speak for themselves:

24–48

Delivery time in hours throughout Europe

50–100

Average distance in km to the nearest HYMER dealer

300

Number of HYMER service partners and dealers worldwide

10,000

Area of HYMER warehouse in m²

45,000

Number of different spare parts available in warehouse

210,000

Deliveries per year

Your satisfaction is our motivation

Regular training at HYMER.

Top-quality customer service has always been one of the cornerstones of our corporate philosophy. We also convey this to our dealers who cater to the individual needs of our customers worldwide. With this in mind, we have been providing regular and comprehensive training for the workshops in our international dealer network for more than 20 years. At the same time, our customer service employees also receive regular specialist training. As a HYMER customer, you should always be able to depend on receiving unbeatable service.

The training courses take place on our company premises over several days. Theoretical and practical knowledge is provided in German, English, French and Italian for our international dealers. Freelance experts also take part in our training courses to ensure they can provide our customers with precise costings, thereby guaranteeing a smooth process in the event of insurance claims for damage and repairs.

Explore Bad Waldsee on a tour

Take an exclusive guided tour of the HYMER factory.

HYMER's long and distinguished history began back in 1957 with the development of the ERIBA original "Troll". With tremendous passion and bright ideas, many successful motorhomes have been developed in Bad Waldsee since then. HYMER is now the market leader in Europe and the first choice for those who want to go on amazing journeys with a companion of the highest calibre.

We'd like to invite you to come and visit our site to see our high standards for yourself. Take a tour of our factory in Bad Waldsee and discover HYMER's success story first-hand. Take a peek behind the scenes of production at HYMER and visit the Erwin Hymer Museum. More than 80 historical caravans and motorhomes are showcased in a permanent exhibition covering over 6,000 square metres. We look forward to your visit!

Note

This brochure describes the series status at the time of publication. Despite careful checking of the contents, misprints cannot be ruled out. We reserve the right to modify the equipment or make product improvements during the course of the model year. Before signing a sales contract, please ask one of our authorised HYMER dealers about the current product and series status.

Some vehicles are shown with optional extras which are quoted in the current price list and available at extra cost. The decoration shown is not supplied by HYMER. The details of scope of delivery, appearance, performance, dimensions and weights are valid at the time of going to press – deviations within the factory tolerance limits (max. +/- 5%) are possible and permissible.

This data complies with European homologation regulations, which may change up to the time of vehicle purchase or delivery. Your HYMER dealer will gladly provide you with information on any changes and the standard scope of delivery.
